MRP* ₹88 990.00

Defrost

The uniform wave emissions preserve the food's texture and colour for quick and even defrosting. Also preserves the original nutrients, taste & colour of any kind of food.

Crisp Fry

Golden, healthy frying with no additional oil with the uniform microwave distribution of the 3D Technology.

Crisp

From bread and cake to fish and cereal; always unbeatable crispness. A special function that evenly browns food from top to bottom, thanks to the 3D Technology

Convection

The convection fan provides an additional source of heat. In this mode, the fan automatically comes on to improve air circulation within the oven and creates a perfect and evenly cooked dish.

Rotisserie

The rotisserie function allows your food to be perfectly grilled from all sides. This ensures the best roasting and grilling, and absolute deliciousness.

Energy Efficient

With an 'A' Energy rating, provides excellent efficiency, ensuring lower consumption and saving you money on your energy bills.

Child Safety Lock

Your oven/microwave is fitted with a special Child lock program, which enables the oven to be "locked" so that children or anyone unfamiliar with it cannot operate it accidentally.

Jet Defrost

Dual Emission System enables 7 times* faster defrosting than any other microwave oven. All you have to do is select the food type. Set the weight and press start.

3D Cooking

The Dual Emission System emits microwaves through two inlets inside the cavity resulting in even microwave distribution delivering perfect cooking results every single time. Dual Emission System combined with unique reflector door ensures best-in class microwave emission inside the cavity

Whirlpool
SensoFresh
series
Intelligent performance.
Silent operations.

These powerful hoods automatically sense smoke, heat & odour*. They adjust suction with the help of 6th Sense® TurboQuiet Technology, leaving the kitchen fresh and clean.

6TH SENSE TURBOQUIET TECHNOLOGY
The Advanced 3D Aluminium filters coupled with 6th Sense TurboQuiet Technology makes these hoods incredibly silent performers with noise levels as low as 49 DB (A)*.

INTELLISENSOR
The Intellisensor actively sense smoke, heat & odour** present in the air and automatically adjusts the speed level.

TOUCH CONTROL
Perimetric panel make these hoods stylish yet understated. Filters are invisible with smooth lines and clear steel surfaces that can merge with the kitchen decor.

IN-BUILT ILLUMINATION
The long LED strip gives you the perfect light so that you can look at what you cook.

- Select Wall Mounted Hoods available in Black Finish at Rs.1000/- extra in offer price.
- Select Island Hoods available in Black Finish at Rs.3000/- extra in offer price.
- Standard installation service of appliances is free of cost.
- 1 year comprehensive warranty + 11 years additional warranty on motor & rotor.
- *Inclusive of all taxes, Net qty 1N

*Results based on lab tests done on select models under standard test conditions and may vary depending on testing conditions
**Results of select odours based on lab tests done on select models under standard test conditions & may vary depending on testing conditions

FILTER LESS

Elica Filter less Kitchenhoods are fitted with sealed motor to ensure that oil deposit and water vapours does not affect the smooth functioning of the motor. High quality metal blower system ensure that the smoke and odour are efficiently exhausted out of the kitchen.

MOTION CONTROL

Select Kitchenhood model in Heat Auto Clean & Filter less type are fitted with Motion Control that enables easy operation by a simple wave of your hand. Wave your hand towards right to turn on the chimney and continue waving to increase the speed. While waving towards left will decrease the speed and finally turns it off.

HEAT AUTOCLEAN

Kitchenhood is fitted with Heating pad on it's motor group assembly and oil collector cup at the bottom. Just with a touch on control panel, kitchenhood can be cleaned by collecting oil from Motor group assembly in to the oil collector cup with the help of Heating Pad.
